Introducing Portia MacIntosh

Portia MacIntosh is a bestselling romantic comedy author of 12 novels. Previously a music journalist, Portia writes hilarious stories, drawing on her real life experiences.

What encouraged you to turn your hand to writing?

Working as a music journalist for years, interviewing rockstars, touring with bands...I was seeing a lot of behind the scenes stuff that I thought would make a fun book. I decided to write a novel as a way to tell my stories anonymously. After that, I decided writing romcoms was way more fun than writing about music and the rest is history.

Is there a book or author that has inspired you most?

The books I read when I was a teenager were not fun books, they were pretty dark. One day, with nothing new to read, I decided to read one of my mum's books. I picked up something by Carole Matthews and immediately fell in love with romance.

Tell us about the inspiration behind *My Great Ex-Scape*...

We all have exes. Sometimes we can use

Facebook to watch their lives gradually change but other times we bump into them after years and it can be a shock. When I thought about my handful of exes, there was something really interesting about each of them that felt worth revisiting. And if we're all shaped by the company we keep over the years, does that have any bearing on who we become? ►

Lucy Coleman Summer in Provence

When married couple Fern and Aiden have a windfall, their reactions could not be more different. While Fern is content to pay off their mortgage and build a nest egg before starting a family, her husband is set on traveling the world.

Fern's not much of a backpacker so, before she knows it, the idea of a 'marriage gap year' takes shape. And, as Aiden heads off to the wilds of Australia, Fern chooses the more restful Provence for her year out.

Set amidst the glorious French scenery, Château de Vernon offers a retreat from the hustle and bustle of normal life, and Fern agrees to help out in return for painting lessons from the owner – renowned, but rather troubled, painter Nico.

As their year unfolds in very different ways, will the time apart transform their marriage, or will it drive Fern and Aiden even further apart...

Martha is a feisty and articulate young woman, the daughter of a wheelwright, living in a Herefordshire village in Elizabethan England. As she is able to read and is well-versed in herbal remedies she is suspected of being a witch. When a landslip occurs – opening up a huge chasm in the centre of the village – she is blamed for it and pursued remorselessly by the villagers.

But can her own wits and the love of local stablehand Jacob save her from a witch's persecution and death...

A brilliant and accomplished novel that perfectly captures the febrile atmosphere of Elizabethan village life in an age when suspicion and superstition were rife.

Mother of one and professional writer Saoirse (pronounced Seersha, not Searcy – thanks a bunch Game of Thrones!) is still adjusting to the demands of motherhood, four years after the birth of her daughter, Anna.

Living in the claustrophobic London suburb of Woodvale, and being surrounded by passive-aggressive mum-wars, isn't helping. Neither is her increasingly pent-up anger at her once-perfect husband. Her only comrade in arms, best friend Bea, is the one thing keeping her sane.

When Saoirse's agent asks her to pitch for a book, she is horrified to discover the topic is motherhood. How can she possibly write a 'warts and all' account of being a mother without giving away what it's really like?

Introducing **Portia MacIntosh** continued

▶ "I don't want to write perfect characters who just all always live happily ever after."

What would you say the most important themes are in your book?

My stories are about personal growth and achieving independence without relying on other people, but still finding love. Whether or not my leading ladies find love with someone else, the real love stories come from the journey of self-discovery each

character goes on along the way, where they learn to accept themselves for who they are.

How important are libraries for an author? Libraries are incredible, I spent so much time in libraries growing up, which is probably why I'm such a bookworm now. They are such a uniquely incredible thing. I really wish they had more funding.
